珠海是中国最早实行对外开放政策的四个经济特区之一，地接澳门，水连香港，是珠江三角洲地区海洋面积最大、岛屿最多、海岸线最长的城市，素有“百岛之市”的美称。2000年以来，珠海市坚持解放思想、实事求是、与时俱进，根据省、市战略布局，以教育“创强争先建高地”为总体要求，“不求所有，但求所在”，实施高等教育“内培外引”战略，高等教育规模持续扩大、发展水平持续提升、综合实力显著增强，形成了具有示范效应的高等教育发展“珠海模式”。目前在珠海的高等学校共有10所，全日制在校生近14万人。高等教育规模、结构、质量、效益协调优化，为广东及珠海经济社会转型升级和科学发展提供了坚实的人才保障与智力支持。在未来建设先进装备制造业强市、海洋经济强市和国际宜居城市的关键时期，珠海将坚定不移地实施科教兴市、人才强市战略，全面推进高等教育现代化，努力打造广东特色、全国一流、国际知名的高等教育中心城市。

党的十八大提出“到2020年，全民受教育程度和创新人才培养水平明显提高，进入人才强国和人力资源强国行列，教育现代化基本实现。”高等教育现代化是教育现代化的重要组成部分，是经济社会现代化的关键前提和显著标志。刚刚闭幕的十八届五中全会提出：提高高校教学水平和创新能力，使若干高校和一批学科达到或接近世界一流水平。2015年高等教育国际论坛暨中国高等教育学会学术年会以“教学·课程·方法：高等教育现代化”为主题，深入探讨高等教育理念与人才培养模式改革、课程体系与教学内容改革、教学方式改革与教育技术现代化、教育质量保障体系建设与学风建设等相关议题，具有广阔的国际视野、鲜明的时代特征、强烈的现实需要和深

远的战略意义，必将有力推动中国特色高等教育现代化理论发展与实践探索。

真诚期待国内外各位领导、专家学者和教育实践工作者在本届论坛上建言献策、共绘蓝图，充分享受这场富有激情、充满智慧、勇于担当、令人振奋的学术盛会，共同推动我国高等教育现代化事业奋力前行！

# Welcoming Speech

Distinguished guests,

In this golden season permeated with the aroma of bauhinia, exalted and eminent friends get together to share their passion for education. We, the organizing committee of the ‘International Forum on Higher Education and Academic Annual Meeting for China Association of Higher Education 2015’, warmly welcome you to Zhuhai, a beautiful city with pleasant weather.

Zhuhai, as one of the four special economic zones where the opening policy was first implemented in China, borders Macau on land and links to Hong Kong by waterway. It has the largest marine area, the most islands and the longest coastline in Pearl River Delta, for which it gets the reputation of the City of Hundred Islands. Since 2000, Zhuhai had been adhering to the ideological of emancipating the mind, seeking truth from facts and keeping up with the times. In accordance with the strategic layout of the province and the city, with “building a powerful province of education, striving to be an advanced area of education, and constructing education highland in southern China” as the guideline, Zhuhai applies the strategy of cultivating talents and bringing in experts to higher education, which focuses on serving the community rather than the ownership of schools, bringing about continuous increases in the scale of higher education, on-going development and remarkable elevation in overall strength of higher education. Thus Zhuhai Model in developing higher education is set up, which has great demonstration effect. Currently Zhuhai has 10 higher education institutions, with an enrollment of almost 140 thousand. Coordination and optimization of the scale, structure, quality and benefit of higher education provides talents guarantee and intellectual support to Guangdong Province and Zhuhai in the transformation and upgrade of social and economic development as well as scientific development. In the critical period of constructing a powerful city of advanced equipment manufacturing, marine economy and international liveable city, Zhuhai will unswervingly implement the strategy of developing through science and education and strengthening the city by talents. It will promote the modernization of higher education in an all-round way, striving to be a key city of higher education, which is nationally first-class and internationally renowned with Guangdong characteristics.

In the 18<sup>th</sup> National Congress of the Communist Party of China, tasks were put forward that by 2020, there should be significant improvement of educational of people and cultivation of innovative talents, our nation will become powerful both in talent reserve and human resource and modernization of education will be generally be accomplished. Higher education modernization is an important component of education modernization as well as the key premise and significant symbol of economic and social modernization. In the 5<sup>th</sup> Plenary Session of the 18<sup>th</sup> Central Committee of the CPC, is proposed that teaching standards and innovation ability of higher education institutions are to be enhanced and elevated to enable some higher education institutions and a number of subjects to reach or approach world leading standards. The 2015 International Forum on Higher Education and Annual Academic Conference of China Higher Education Academy is themed with “teaching, curriculum and methods: modernization of higher education”, which deeply discusses related topics, including higher education concept and reformation of talents training mode, curriculum system and reformation of teaching contents, reformation of teaching methods and modernization of education technology, constructing guarantee system for education quality and construction of learning atmosphere. It demonstrates broad international view, distinct features of the age, strong practical needs and profound strategic significance, which will effectively promote theoretical development and practical exploration of higher education modernization with Chinese characteristics.

We sincerely hope that leaders both home and abroad, experts, scholars and educational practitioners attending this forum could offer advice and suggestions, cooperatively plan for the future, and fully enjoy this academic event full of passion and wisdom, which is exciting and encourages us to shoulder the responsibilities to jointly promote the development of higher education modernization in China.

We wholeheartedly welcome friends from both home and abroad to join this forum and sincerely hope that all the guests and friends have good health, a light heart, successful career and happy life. Wish the conference a complete success and all of you an enjoyable autumn in Zhuhai.
