

Call for Paper/Posters for

The 12th Asia Impact Assessment Conference in Shizuoka AIC2018

“Green Region and Impact Assessment”

❖ CONFERENCE THEME

“Green Region” means a region which maintains ecological balance within itself. “No net loss” of important habitats is obviously indispensable for a “Green Region.” EIA can be a tool to maintain or restore “Green Regions” for sustainable development. We welcome all innovative and incentive presentations that have relevant topics on EIA, SEA, environmental conservation, creation, restoration, and evaluation.

LOCATION of SHIZUOKA

Mt. Fuji – The Heart of Japan (The View from Nihondaira)

ABOUT SHIZUOKA

Shizuoka Prefecture is located along the Pacific coast in the south of the middle region of Japan. Mount Fuji and the Izu Peninsula are parts of Shizuoka Prefecture. Shizuoka city is the capital of the prefecture and famous for the first shogun Ieyasu Tokugawa of the Edo period, green tea, oranges, and plastic model kit products. It offers the best landscape of Mount Fuji from Nihondaira.
