# **ICIG2025**

# The 13th International Conference on Image and Graphics

October 31 to November 2, Xuzhou, China

http://icig.csig.org.cn/icig2025

The 13th International Conference on Image and Graphics (ICIG) will be held in Xuzhou Organizing Committee Chairs City, Jiangsu Province, China from October 31 to November 2, 2025. The conference will be hosted by China Society of Image and Graphics, organized by China University of Mining and Technology. ICIG is an international academic biennial conference, focusing on innovative technologies in the fields of image, video and graphics processing, with the aim of building a platform to promote the deep integration of academia and industry and stimulate innovative thinking. ICIG brings together researchers, developers, entrepreneurs and industry experts from around the world to discuss and share the latest research results, innovative technologies and future trends in the field.

# Topics in the ICIG2025 Technical Program include but are not limited to the following:

- Color and Multispectral Processing
- Multi-View and Stereoscopic Processing
- Biological and Medical Image Processing
- Compression, Transmission, Retrieval
- Computer Vision and Pattern Recognition
- Computer Graphics and Visualization
- Computational Imaging
- Virtual Reality
- Game and Animation
- Artificial Intelligence
- Surveillance and Remote Sensing
- Multimedia Security

Venue: Xuzhou, known as Pengcheng in ancient times, is one of the nine kingdoms of China in history, with a civilization history of more than 5,000 years and a history of more than 2,600 years of urban construction. It is a famous hometown of emperors, and there is a saying that "nine emperors came from Xuzhou". Xuzhou has a long history and culture, profound cultural deposits and numerous historical sites. It is "the hometown of Peng Zu, the hometown of Liu Bang and the hometown of Xiang Yu" and enjoys the reputation of "Xuzhou in the Han Culture".

Paper Submission: Prospective authors are invited to submit complete papers in PDF format on the https://cmt3.research.microsoft.com/ICIG2025.The submitted paper must be an unpublished original research in English, adhering to Springer's Lecture Notes in Computer Science (LNCS) template, including but not limited to the title, abstract, main content, and references. The paper should be between 10 to 12 pages, including all figures and references. Papers accepted by the ICIG 2025 conference will be included in the conference proceedings, published by Springer LNCS, and the proceedings will be indexed by the EI database.

Paper Template: Please use the Springer LNCS Proceedings Templates. All papers will go through a strict double-blind review process.

### **Organizing Committee**

#### General Chairs

Yaonan Wang, Hunan University, China Hongwei Zhao, China University of Mining and Technology, China Kyoung Mu Lee, Seoul National University, Korea Oliver Deussen, University of Konstanz, Germany

#### **Technical Program Chairs**

Zhouchen Lin, Peking University, China Liang Wang, Institute of Automation, Chinese Academy of Sciences, China Yugang Jiang, Fudan University, China Xuesong Wang, China University of Mining and Technology, China Shengcai Liao, United Arab Emirates University, United Arab Emirates

# Visit the conference website at https://icig.csig.org.cn/icig2025 for updates.

Huimin Ma, University of Science and Technology Beijing, China

Yuxin Peng, Peking University, China Bingkun Bao, Nanjing University of Posts and

Telecommunications, China Jun Wang, China University of Mining and Technology,

# China **Publicity Chairs**

Yuanlong Yu, Fuzhou University, China Jinchang Ren, Robert Gordon University, UK Wei Jia, Hefei University of Technology, China Fei Fei Zhang, Tianjin University of Technology, China Phoebe Chen, La Trobe University, Australia

Changsheng Xu, Institute of Automation, Chinese Academy of Sciences, China

Jian Yang, Nanjing University of Science and Technology, China

Jingkuan Song, Tongji University, China

Han Yu, Nanyang Technological University, Singapore

# **Publication Chairs**

Shiguang Shan, Institute of Computing Technology, Chinese Academy of Sciences, China Risheng Liu, Dalian University of Technology, China

Jing Dong, Institute of Automation, Chinese Academy of Sciences, China

Xin Yu, The University of Queensland, Australia

# **Workshop Chairs**

Yao Zhao, Beijing Jiaotong University, China Xi Li, Zhejiang University, China Kun Tan, East China Normal University, China Guosheng Lin, Nanyang Technological University, Singapore

### **Tutorial Chairs**

Weiwei Xu, Zhejiang University, China Weishi Zheng, Sun Yat-sen University, China Zechao Li, Nanjing University of Science and Technology,

Yong Zhou, China University of Mining and Technology, China

## **Exhibits Chairs**

Cheng Deng, Xidian University, China Min Xia, Western University, Canada Shengsheng Qian, Institute of Automation, Chinese Academy of Sciences, China Yisen Wang, Peking University, China

# **Sponsorship Chairs**

Xucheng Yin, University of Science and Technology Beijing, China Jin Tang, Anhui University, China Junchi Yan, Shanghai Jiao Tong University, China Shan An, Tianjin University, China

# **Finance Chairs**

Xi Peng, Sichuan University, China Kai Qin, China University of Mining and Technology, China Zhi Jin, Sun Yat-sen University, China

Yi Jin, Beijing Jiaotong University, China

### Website Chairs

Anan Liu, Tianjin University, China Rushi Lan, Guilin University of Electronic Technology, China

Chenping Hou, National University of Defense Technology, China

Haoyu Wang, China University of Mining and Technology,

China
